## 420 - 430 AGROFARM TTV *ProfiLine*

THE SIMPLEST WAY OF WORKING PROFITABLY.

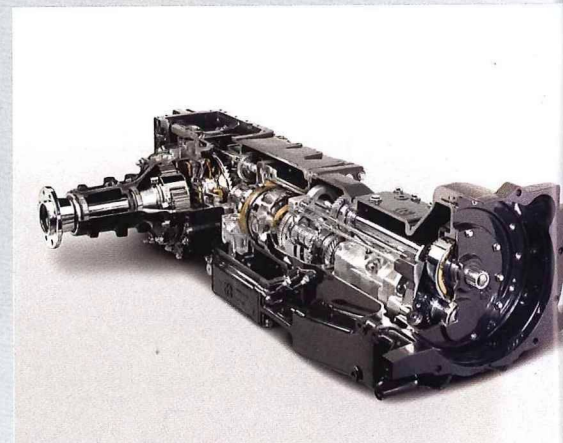

With a three-stage Powershift transmission or the new infinitely variable TTV transmission as an option the Agrofarm Profiline, with its two models the 420 and 430, is the ideal compact solution for all farmers who place a little extra value on features and comfort.

The armrest allows the control all the main functions of the Agrofarm TTV.

### THE FEATURES

- ▶ Deutz Tier III engines, 4 cylinder turbo intercooler 4038 cc
- ▶ 100 % compatible with biodiesel fuel (B100)
- ▶ Three-stage Powershift transmission with 60/60 speeds or infinitely variable TTV transmission with three driving and working strategies
- ▶ Hydraulic Powershuttle with steering column mounted control lever and adjustable modulation control
- ▶ Up to 4 double acting electrohydraulically operated spool valves
- ▶ Fully independent PTO with 4 speeds (540/540 E/1,000/1,000 E)
- ▶ True 4 wheel braking on all four wheels with Park Brake
- ▶ Electronic rear lift with multifunctional armrest
- ▶ Modern one piece hood design
- ▶ Ergonomic cab with 4 pillars for high visibility

The new DEUTZ-FAHR TTV-transmission for compact tractors.

## 410 - 420 - 430 AGROFARM

### ECONOMICAL COMPACT CLASS.

Exceptional working economy from powerful, mid-range tractors. The new Agrofarm is a universal tractor specified with functional, modern operating features. With economical Deutz engines and compact dimensions giving great flexibility and manoeuvrability. Clear control layout is easily operated to maximise productivity. The ideal tractor for pasture, cultivation and yard applications.

#### THE FEATURES

- ▶ Deutz Tier III 2012 series engines, 4 cylinder turbo or turbo intercooler, 4038 cm<sup>3</sup>
- ▶ 100 % compatible with biodiesel fuel (B100)
- ▶ Modern one-piece hood design; new 4-post ergonomic cab with outstanding all round visibility
- ▶ 5 synchronised speed gears, 4 ranges (40 FWD + 40 REV), with creep and Hi-Lo
- ▶ Maximum speed 40 km/h also with Overspeed
- ▶ Hydraulic Powershuttle with control lever on steering column and adjustable modulation control
- ▶ Fully independent PTO with four speeds (540/540 E/1,000/1,000 E) Ground speed PTO available
- ▶ True 4-wheel braking on all four wheels with optional Park Brake

Hydraulic Powershuttle available on request.

Neatly arranged control levers in the right console.

## 410 - 420 AGROFARM T - TB

### ROBUST PLATFORM TRACTORS.

The Agrofarm T is well suited to arable applications, as well as providing an invaluable asset for small businesses requiring a versatile and straight-forward mechanical machine and useful addition for larger agricultural operations. Low profile, practical, efficient and well structured, Agrofarm TB models have the perfect build for greenhouses, olive and citrus groves, and for mixed crops with irregular planting patterns. These models offer the ideal solution in situations where the height of the machine must be kept to a minimum, to overcome problems of space and optimize the required work load.

#### THE FEATURES

- ▶ Deutz Tier III 2012 series engines, 4 cylinder turbo or turbo intercooler, 4,038 cm<sup>3</sup>
- ▶ 100 % compatible with biodiesel fuel (B100)
- ▶ 5-speed transmission with Hi-Lo 40 + 40 with hydraulic Powershuttle
- ▶ Hydraulic PTO with four speeds (540/540 E/1,000 E), and independent live power take-off
- ▶ Hydrostatic braking on all four wheels
- ▶ Driving position designed for maximum comfort
- ▶ Agrofarm T is also available in "Ecoline version"

All the controls are ergonomically arranged and readily identifiable by shape and colour, making them easy and intuitive to operate.
