410 - 420 - 430 AGROTRON TTV

INFINITELY ADJUSTABLE POWER AND ECONOMY TOO.

These powerful, high-torque, economical and reliable tractors in the 120 - 145 hp range are fitted with an infinite hydrostatic-mechanical transmission with three drive strategies. Drive and work just like in a car with an automatic transmission without exhaustive training. It couldn't be easier.

THE FEATURES

- ▶ Deutz Common Rail Tier III engine, 4 cylinders, 16 valves, turbo intercooler, with electronic engine management and external exhaust gas recirculation system
- ▶ 100 % compatible with biodiesel fuel (B100)
- ▶ Hydraulic Powershuttle with twin multiplate oil-immersed clutch
- ▶ Continuously variable transmission, infinitely variable speed from 0 to 50 km/h with 4 ranges gearbox
- ▶ Max. speed 50 km/h at economy engine speed, limited to 40 km/h in super-economy engine speed (to meet legal requirements)
- ▶ Load Sensing hydraulic system with variable displacement pump, and up to 7 remote valves
- ▶ iMonitor for monitoring and control of main operating functions

Everything in sight at all times:
The transmission monitor.

The trunnion mount creates
a fulcrum coinciding with
the centre line of the axle.

The driver's seat with Deluxe pneumatic suspension is generously sized, and a wide selection of adjustments to ensure the ultimate ride comfort.
